PROFILE

Hello, I'm Sahil Dholariya, a final-year student pursuing a B.E. in Computer Engineering at Om Engineering College in Junagadh. I am passionate about technology and aspire to kickstart my career in web development.

SKILLS

- I am a web developer. Good knowledge of Html, css, JavaScript and also good knowledge of Front-End frameworks like Bootstrap, Tailwind and React js.

- Familiar with Tailwind CSS for building basic responsive designs.

- Familiarity with RESTful APIs and asynchronous programming.

- **Front-End Frameworks**
  I can make web site using React Js. Create a responsive website using HTML,CSS framwork like Tailwind and Bootstrap

PROJECTS

E-Commerce Website (React, JSON Server, LocalStorage) :-

- Built a fully functional eCommerce website using React for front-end development.
- Used JSON Server to simulate a REST API for product management and customer data, allowing for the creation, retrieval, updating, and deletion (CRUD) of products.
- GitHub-Ecommerce

HOBBIES

- Photography,
- playing Cricket,
